## Bramston Beach Master List

This list contains plants observed during visits by the Cairns Branch of the Society for Growing Australian Plants, Queensland Region to Bramston Beach over the past 40 years but many more vascular plant species remain to be recorded as the group has tended to visit the same locations year after year. Names used for family, genera and species are generally in accordance with the *Census of the Queensland Flora 2020* by the Queensland Herbarium, Brisbane.

\* Introduced naturalised exotic species not native to Australia

**C3** Class 3 Weed

**E** Listed as Endangered in the *Nature Conservation (Plants) Regulation 2020*

**NT** Listed as Near Threatened in the *Nature Conservation (Plants) Regulation 2020*
