

LAKE PLACID BARRON RIVER

Lake Placid Barron River

The following checklist of vascular plants recorded by members of the Cairns Branch of the Society for Growing Australian Plants, Queensland Region, during a visit 18th July 2021. The checklist is far from complete and many more species remain to be identified and recorded.

Names used for family, genera and species are generally in accordance with the *Census of the Queensland Flora 2020* by the Queensland Herbarium, Brisbane.

* Introduced naturalised exotic species not native to Australia
